

Strengthening the nonprofit community

Executive Service Corps announces a Free Situation Assessment

These are unprecedented times for nonprofits. Virtually all of us (96% in one survey) are struggling to meet our mission with inadequate funding. Funding for capacity building is almost nonexistent.

The Executive Service Corps is a nonprofit whose sole mission is to provide affordable services that help nonprofits grow and succeed in spite of the economic climate. Our response is to offer free limited engagement consulting services.

One of our Senior Consultants will meet you to review the issues of your choice. Based on one or two visits, we will present our feedback and recommendations in a verbal and outline form.

We have expertise available in

Strategic Planning
Board Development
Financial Consulting
Marketing Planning
Wage and Benefits
Fundraising

Who should participate?

All nonprofits should benefit. This is particularly valuable to smaller nonprofits that cannot easily access capacity building resources or larger organizations that want to resolve a critical single issue. We will meet with Executive Directors, Board Members, and/or senior staff.

The fine print: We will offer this in New Hampshire, Androscoggin, Cumberland, Sagadahoc and York Counties in Maine, and Windsor and Orange Counties in Vermont. We will do this through the end of August 2009 unless otherwise extended. Nonprofits that are 501(c)3's will receive preference over other nonprofits.

Please contact us to **Schedule** your **Free Situation Assessment**.
